Introduction and Purpose

The safety of students, associates and visitors is an important concern of Ohio Media College. We prepared this report to increase your awareness of a number of programs and provide information to protect your safety and well-being.

Ohio Media School prepares the Annual Security Report to comply with the *Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act)*. Institutions participating in federal student financial aid must present to current and future students and employees certain crime statistics and policies in accordance with the *Clery Act*. The purpose of this report is to provide information relating to campus safety and security in an effort to aid future and current students and employees in making informed decisions regarding our institution. The School's Campus Director has primary responsibility for collecting and publishing crime statistics related to campus operations, and obtains statistics from the Whitehall Police Department.

The Annual Security Report is published on annual basis by October 1st and contains three years of campus crime statistics and campus security policy statements in accordance with the Clery Act. The Ohio Media School administrators prepare this report which includes reported campus crime, arrest and referral statistics to local law enforcement agencies and designated campus officials.

The Ohio Media School does not provide residential dormitories or any other facilities for on campus student housing, so the information reported herein relates to the school's campus itself as well as the parking lot areas surrounding the school. Therefore, no crime statistics or policies pertaining to such are included in this report. Dissemination of the report includes email notifications to students, staff, and faculty providing the website address to the Annual Security Report. Potential students and employees are notified that they have access to the report on our web page at <https://beonair.com/locations/columbus/annual-security-report/>. A printed copy of the report is also available upon request.

Campus Security

As a small institution, the School does not employ dedicated security personnel. However, all staff members are empowered to take action in case of natural disasters, medical emergencies, or criminal activity by immediately involving campus administration as well as the local police. The campus also maintains a closed-circuit TV (CCTV) system which monitors many parts of the campus and records activity that may help to prevent criminal activities, or apprehend the perpetrators using the video recordings maintained by the School. Staff members are also responsible for securing the campus after hours and also unlocking the campus facilities at the beginning of the day.

Campus Security Assistance

All staff members are instructed to assist in the prevention of and/or investigation of on campus crimes, and for immediately reporting these matters to the Campus Director and, where situations require immediate outside assistance, to summon local police and/or emergency services.

Crime Reporting Procedures

Reporting Crimes or Incidents On Campus

All students and staff members are encouraged to promptly contact and report on campus crimes to the Campus Director and to the Whitehall Police Department by dialing 911 from a cell phone, or 9-911 from any telephone within the campus. In any such reporting, students and staff are encouraged to furnish all pertinent information when reporting a crime or incident. Local police, working in conjunction with School staff, investigate incidents and prepare the required police reports. Such efforts include identification of responsible parties, violations of the School's Code of Conduct (as printed in the School Catalog), and encourage resolution and restitution of property as appropriate. Crimes or incidents occurring on campus may be reported to any staff member, including instructors, Graduate Assistants (GAs), and administrative staff members. All crimes reported to campus officials are also included in the campus's crime statistics and are also reviewed for compliance with the timely warning policies listed below.

Local Law Enforcement Agency	Local Phone Number	Emergency Number
Whitehall Police Department	(614) 237-6333	9-1-1
Bexley City Police Department	(614) 559-4444	9-1-1

In addition, students, faculty and staff should report a crime to the following areas:

Campus Director	John P. Girard	216 672-0598 ext. 151
Director of Education	Allen Stowe	(614) 230-0574

The Ohio Media School works cooperatively with local law enforcement agencies when necessary; however, there are no written memorandum of understanding agreements between the Ohio Media School and local law enforcement agencies to investigate alleged crimes. The Ohio Media School does, in good faith effort, contact local law enforcement agencies to obtain data on Clery Act crimes that occurred on or near the campus. Not all agencies respond to our requests for data. The Ohio Media School does not have a police or security department and no Ohio Media School employee or staff member possesses arrest authority.

Timely Warnings Policy Statement

The Campus Director collects, assembles and maintains the yearly crime statistics presented at the end of this Report, and is also charged with providing timely warnings to students and staff members with respect to criminal activity. While the School undertakes diligent efforts towards providing a safe and secure campus, occasional incidents may occur on campus or in the immediate vicinity of the campus which are considered potentially threatening (or the School learns of activity in the immediate area of the School from local law enforcement). When the school is made aware of such information, the Campus Director (or if the Campus Director is absent, the Campus Education Director or Coordinator) will make the campus aware of the situation by various means, including but not limited to making an announcement over the school's paging system, dispatching staff members to convey information in person to each class, or in some circumstances notifying campus stakeholders via cell phone or text. If any student or staff member knows of a crime or other serious incident, they should report the matter as soon as possible to the Campus Director or dialing 911 (or 9-911 from a campus telephone) so that a timely warning may be issued.

Emergency Response and Evacuation

Response and Evacuation Procedures

Upon confirmation to the Campus Director or senior administrative staff member present of an imminent threat to health or safety (tornado, individual carrying a firearm, hazardous material spill, etc.), that individual will provide an emergency notification immediately by using the School's paging system, directly addressing pending classes, or other means to provide immediate communication with those within the campus facility.

When notified via the paging system or other method, students and staff members will be given immediate instructions as to the action to be taken to ensure health and safety (e.g. directions on where to seek shelter inside the building, to evacuate the building, or to remain in place pending further instructions). Other emergency notification methods may include the posting of flyers and use of text messaging or cellular phone calls.

More specific Emergency Response and Evacuation instructions are contained in the School's Campus Emergency Plan, available in the Campus Director's office and in the Learning Resource Center. The Campus Emergency Plan is regularly updated to reflect best practices and new information.

Facilities Security and Access

The School's building is secured and locked at the conclusion of each day's classes and student activities. Where campus facilities require access via key card, if any, appropriate key cards will be provided to staff and students. All students must leave campus at the conclusion of the day's activities. When closed, the campus is protected

by wired and wireless motion and glass break sensors, door and window triggers, and monitoring via the School's CCTV system. Students are not permitted on campus unless staff members are also present. Other than prospective students visiting campus, only students and staff members are permitted to be on campus. Neither students nor staff members may have family or friends accompany them without first receiving approval from the Campus Director.

Basic Crime Prevention Steps

Crime prevention is the responsibility of all students and staff members. Taking the time to think about vulnerabilities will allow us to take simple steps to reduce the risk of being the victim of a crime. Common sense steps can make a big difference:

- Keep your car locked, and do not leave valuables in plain sight within your car
- Mark valuable possessions (headphones, tablet computers, etc.) with identifying information such as your driver's license number
- Never leave your purse or other valuables unattended in a classroom, studio or the LRC
- Let a staff member know if you desire an escort to your car when leaving at night
- Report all crimes and suspicious activities to School authorities
- If you witness an immediate threat, call 911 immediately (or 9-911 from an on campus phone).

Substance Abuse Policy

The School maintains a Drug Free Policy which is distributed to all students and staff at time of employment or enrollment, and at least annually thereafter. The School prohibits the possession, use, manufacture or distribution of illegal substances (regardless of quantity) or drug paraphernalia of any kind. The use of alcohol while on campus is also strictly prohibited by this Policy. Students or staff who violate the Drug Free Policy are subject to disciplinary action, including dismissal from the School, and also face prosecution under local, state and federal laws. A copy of the School's Drug Free Policy is appended to this Report along with the School's crime statistics.

Substance Abuse Assistance

Any student or staff member seeking help with a substance abuse problem, or obtaining assistance for someone they know who has a substance abuse problem, can bring these concerns to the Campus Director (for employees) or the Student Services Coordinator (for students) to receive a timely referral. In addition, help with substance abuse problems can also be obtained by contacting the following local agencies:

- Ohio Dept. of Mental Health & Addiction Services (MHAS): 30 E. Broad St., 8th Floor, Columbus, Ohio 43215; 1-877-275-6364

Sexual Misconduct & Dating Violence

The School makes consistent efforts to assure that campus is free of sexual misconduct (including sexual harassment and sexual assault/rape) and all forms of sexual intimidation, exploitation and dating violence including stalking and domestic violence.

The School's policies regarding sexual misconduct and dating violence are outlined below. Sexual misconduct will not be tolerated at the Ohio Center for Broadcasting, and students, staff, and visitors should expect the School to be an environment free of sexual misconduct. Such misconduct is not only a violation of the School's policy, but also can be criminal conduct and discrimination under Title VII of the Federal Civil Rights Act of 1964 (as amended).

The following definitions apply to the identification and investigation of sexual misconduct:

- **Consent** – the voluntary, positive agreement between participants to engage in a specific sexual activity.
- **Dating Violence** – violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of this type of relationship is determined based on consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the people involved.
- **Domestic Violence** – a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic or psychological actions or threats that influence the other person. This includes behavior that intimidates, manipulates, humiliates, isolates, frightens, terrorizes, coerces, threatens, blames, hurts, injures, or wounds someone.
- **Stalking** – a pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that would cause a reasonable person to feel fear for his/her safety or for the safety of those around them, or suffer substantial emotional distress.
- **Sexual Assault/Rape** – the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

- **Sexual Harassment** -unwanted sexual attention such as staring, leering, ogling, sexual teasing, jokes, gestures, inappropriate touching, pressures for a date or sex, forced sexual relations or suggestions that sex can be exchanged for academic achievement or promotion. While women are more commonly victims of sexual harassment, it can happen to both men and women.

Sexual harassment may occur when a person in a position of power, control or influence over the other person's academic career, grades, or job uses this authority and power to gain sexual advantages and threatens or punishes the victim for refusal to engage in certain activities. Sexual harassment may also occur between peers (such as student to student, or staff member to staff member) if similar conditions as noted above are present.

An individual who feels he or she is the victim of sexual misconduct should immediately report the incident to the Campus Director or any other administrative staff member with whom the victim is comfortable. Formal charges may also be made directly to local law enforcement, and in either case, staff will assist in the investigation of the incident.

If any staff member or student observes or is made aware of an incidence of dating violence, domestic violence, sexual assault, or stalking occurring on campus, this matter should be immediately reported to the Campus Director. Individuals immediately witnessing such an incident and believing that immediate police intervention is needed should call 911 (or 9-911 from a campus phone).

Other safe intervention options for the observer include the following:

- Notify a School staff member immediately
- Be honest and direct in attempting to diffuse the situation – do not use violence
- Recruit the assistance of those nearby
- Keep oneself safely away from the incident

If you are sexually assaulted, it is extremely important that any physical evidence be preserved. The following are recommended steps:

- Find a safe place sufficiently away from the attacker and call 911 (or 9-911 from a campus phone) immediately! If possible, ask a trusted friend to stay with you until help arrives.
- As soon as possible, write down everything you can remember about the incident including the details of what happened and the physical description of the assailant. Take photos of any physical evidence, including any visible injuries.
- If the incident occurs on the School's campus, immediately dial 911 and seek staff member assistance.

Staff members will provide immediate assistance including contacting law enforcement on your behalf.

- You should immediately seek medical attention, even if you do not believe that you have been injured. It will still be important to test for sexually transmitted diseases and/or pregnancy. Hospitals should be asked to conduct a "rape exam," and also to obtain a urine or blood sample if you believe that you may have been drugged.

Contact an agency for counseling and support, including:

- Sexual Assault Response Network of Central Ohio (SARNCO) 24 hour Hotline: 614-267-7020
- National Sexual Assault Hotline: 800-656-4673
- National Domestic Violence Hotline: 800-799-7233

Institutional Protective Measures

The school will assist victims of sexual misconduct and dating violence to avoid potential contact with the perpetrators to the fullest extent possible, by reassigning staff members or altering student class sessions or schedules. The School will also assist in enforcing any On-Campus No Contact Order that is issued, prohibiting communication among involved parties (this includes contacts that are in person, via telephone, text message, social media, etc.).

Violence Against Women Reauthorization Act of 2013 (VAWA)

The Violence Against Women Reauthorization Act of 2013 (VAWA) amended the Clery Act and will require the Ohio Media School to compile statistics for additional crimes that are reported to the Ohio Media School or to local police agencies. These additional crimes include sexual assault, domestic violence, dating violence, and stalking.

Hate Crimes

There were no reported incidents of hate crimes reported for 2014, 2015, or 2016. Hate crime statistics are presented in narrative format when there are no hate crimes to report or if there are a limited number of hate crimes reported.

A *Clery Act* hate crime is committed when the victim was intentionally targeted because of bias. Bias for the purpose of *Clery Act* hate crime reporting is *a preformed negative opinion or attitude toward a group*

APPENDIX B: HEALTH RISKS ASSOCIATED WITH ALCOHOL

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required in driving a car safely, increasing the likelihood that the driver will be involved in a car accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms including severe anxiety, tremors, hallucinations and convulsions. Alcohol withdrawal symptoms can be life threatening. Long term consumption of large quantities of alcohol, particularly when combined with poor nutrition can also lead to permanent damage to vital organs such as the brain and liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

As described in What Works: Schools Without Drugs (1989 Edition, Department of Education).
